16th August 2010

Martin

I wanted to write to you to say a huge thank you for your help and support you have given me in running this years Brislington Cricket Club annual golf day.

This was the 6th year that we have held this event at Stockwood Vale and, as usual, you and your staff have been excellent in supporting me and assisting with everything from getting everyone away on time (it works some how!) to collecting cards and working through scribbled scores to sort out the victors on the day - no mean feat given the state of some of the cards that came in at the end!

The course played excellently and the greens proved to be some of the best that the players had played on in Bristol – testament to the green keepers and staff who work out on the course.

Whilst the golf is clearly important, the hospitality is where you and your staff excel and the evening meal was excellent and credit must go to Orlando and his colleagues who worked hard serving a lot of hungry and thirsty golfers. The relaxed atmosphere adds to the whole day and I have received, as usual, a lot of positive comments about your clubs set up and operation.

This years event has, as with previous golf days, proved to be excellent value for money and a real pleasure to hold it at Stockwood Vale – I will busily be planning next years day now trying to think of ways to improve on what is already a perfect day.

Best wishes for continued success at Stockwood Vale.

Regards
Rich
