

16th June 2017

Hi Martin

The last 7 days seem to have flown by and it is remiss of me that I have not personally thanked you and Stockwood Golf club for the way in which you hosted the Keynsham Scouts Charity Golf Day.

I know John, Lee and Glen have been in touch but on behalf of the Scout group can I take this opportunity to say a huge "Thank you ". All week I have been getting messages from people who played and people who did not play saying what a great day it was, such a lovely atmosphere & people were so friendly, oh and how did I miss it. I would be very surprise if all of the teams from this year do not return plus others who wished they had attended.

Keynsham Scouts are now one of the biggest single groups in the country with over 300 young people passing through their doors each week, the impact on their development is often not recognised. Fundraising events such as the Golf Day really do make a difference to what can be achieved for those young people and in an era where fund raising is a challenge to achieve what we achieved last week is tremendous. What I do know is that the money is going directly to benefit local young people in **our** community. Can you believe that Glen & Lee Jennings, Jason King & John T are just four that have passed through the doors, so they know what it means!

Please thank all of your officials , members and staff who have made this day possible, I do not think they realise just what they have helped achieve within our community. We look forward to working with you again in the future.

Roll on 8th June 2018 it will be even bigger and better

Regards

Ian Carter

Group Scout Leader
