Matt is a PGA Golf Coach & Somerset Golf Union Development coach. With over 10 years experience coaching players of ALL abilities, Matt has achieved excellent success with players committing to short and long term improvement plans, as well as 'one off' lessons for any players.

With many successful players to his name: National, regional and club golfers.

Matts 'PLAYER CENTRED - COACH DRIVEN' approach to coaching allows players of any ability to learn more about their own game.

The unique approach is not based on opinion, more so using his knowledge and experience, as well as LISTENING to each player's needs, to find the solution / develop a programme to meet expectations.

"Players improve quicker for longer when they can discover and learn themselves - my aim is to give them the tools to do this".

"Matt has been a massive part of my success in golf, we have done this through setting out an action plan to improve all aspects of my game. Without his enthusiasm, expert knowledge and our great team work I wouldn't be pursuing a playing career in golf like I am today"

Joe Harvey, World Amateur ranked Gloucestershire County, player.

Matt's Junior level success, has come from the same theories: Creating a good learning environment for juniors, giving them the freedom to make mistakes, as well as allowing juniors and children to have fun, and develop their skills.

Matt's involvement with the Somerset Golf Union is now coaching the development squad. Preparing aspiring golfers to progress into the county coaching structures.
