

**Stockwood Vale Golf Club Committee Meeting
October 5th 2022**

Present: M Edenborough, A Yeatman, J Baker, L Cheal, A Hooper, A Jordan
(minutes)

Apologies: I Haddon, P Dawson

The minutes of the previous meeting were agreed.

Matters Arising.

The paths that were recently tarmacked have now had an additional surface layer applied to bring them to a higher specification.

Treasurers Report:

The accounts as at 30/09/2022 will be presented to the AGM for ratification on 04/11/2022.

Each of the three sections has been asked to confirm the charity and fund amounts currently held. (Confirmation to Martin by 12/10/2022)

Next year, any charity donations paid by BACs should have an accompanying reference of the appropriate charity, not the name of the company making the donation.

Matters arising prior to meeting and answered in advance:

AY: Please can the vegetation to the rear of the 17th tee be trimmed. Or the tee markers moved forward to avoid the overgrowth.

ME: Steve has been asked to deal with this issue.

New Items for discussion:

AJ: Please can we have any “Ladies Tee” signs replaced with “Red Tee” signs? These are “forward” tees and anybody should feel able to play from them according to their abilities. They should not be gender specific.

ME: Agreed.

AOB:

ME: Martin apologized that most of the work to paths and trees has occurred on a Wednesday and Thursday. As the club was trying to get everything completed before the weather worsened, these were the contractor's preferred days.

ME: We are expecting delivery of more greenkeeping machinery next Spring.

LC: Please can we waive the 10% club levy for the entry fees to the charity day on 19/10/2022?

ME: Agreed.

AH: The new metal posts which stop buggies from entering the "old" path on the 4th are set too close together and make it difficult to maneuver trollies through.

ME: Noted the concern but stated that the gap was deemed sufficient.

AJ: Please can the on-course toilet be cleaned?

ME: Agreed

AJ: Please can the weeds/reeds be cleared from the brooks on the 5th and 13th.

ME: This task is already on the list of planned works.

AJ: The far side of the wooden bridge to the left of the 13th has a hole in it.

ME: Steve is aware and will be dealing with it.

AJ: The small wooden hut by the 13th tee has a rotten floor.

ME: I'll ask Steve to investigate.

Date of the next meeting – AGM November 4th 2022 at 19:00
