Captaincy applications...Kev and Martin to send email

In Hand

Agm? Possibility there may not be one...what happens?

We can only plan for it, we will have to see what the regulations are nearer the time

Netting in front of 16th Tee

Please see Martin's Email of 30th June .

Social distancing being completely ignored

The vast majority of members are adhering to the rules.

People allowed to play in wrong attire from 1st tee

ME acknowledges that the occasional "culprit" may slip through the net. The shop staff are extremely busy at present, due to extra sanitising etc.

Update tvs in bar

When it is safe to reintroduce the touch screens, we will see the leader boards for comps back in place. For the meanwhile, we will have to wait for the comp to close to see the results.

Handicapping.....what is happening?

Paperwork has now been received , but, with 3 months to go, this has taken a slight "Back Burner mode".

Driving range mats

Some are getting a bit tatty and coming free from the fixing points PH

Part of normal ongoing maintenance

Bunkers

Some bunkers are getting very low on sand, can they please be topped up PD

Items raised by SW

1. 7-Jun-20 SimonW: I see that on the Medal list last night it was full and this morning there are 4 spaces. This is on top of those who already had signed up then withdrawn, which enabled some on the reserve list to then get a slot.

This must be very frustrating to members who play competitions regularly but missed the available spaces and might have given up trying. With Club Champs coming up I'd have been gutted if I couldn't have got a space.

Whilst some will have genuine reason for pulling out I'm sure that others withdrew simply because it's raining.

Please can we re-advertise the penalty for a no-show and consider punitive measures for pulling out <24-hours before the competition?

I appreciate that this is an administrative burden (headache even) but the current position does seem to be open to abuse.

Discussion Point

2. 14-Jul-20 SimonW: This year we had an unusually narrow window if 6-shots between Kev's 75 and the 16-player (plus equals) cut-off at 81 in Round 1 of the Club Champs.

It's not unreasonable to suggest that someone 7-shots back might have played a blinder in Round 2 with those with better scores From Saturday perhaps not doing so well on Sunday.

Would it be better perhaps to say 16-players and equals or within 8-shots of the leader, whichever has the bigger field?

I know this would increase the Round 2 field some years but not to an unmanageable number.
