New Agenda Items

On Line Booking AY raised the issue that it appeared that the first time one uses a device, mobile or laptop, the system will try to “force” you into the first available slot . This had come to light when one particular group had been unable to obtain their preferred early slot, as spaces had already been taken. Regrettably, ME had been unable to replicate this feature when he tested it. It was suggested that many people wish to go out early,(a fact borne out by the fact that when several cancellations were made, the spaces were quickly taken) and this system was fairer as it gave an equal opportunity to all.

This will be monitored over the forthcoming months. ME advised the meeting that some 90% of competition bookings are now done on line, and the last competition of 112 entries was one of the biggest ever.

A.O.B.

- Honours Boards** It was pointed out that the new names added are in gloss, the previous ones in matte. ME to investigate.
- Archive Pictures** JG advised that he has some 40+old pictures that he has scanned , and asked if these might be posted on Facebook. ME suggested that as Facebook posts are by nature somewhat transient, possibly they could be posted on the Website. JG to give the files to ME
- Avalon** AY asked when the pick was to be done for the team squads as it was not on the sign up sheet. JB to add date
- Grass hill** It was mentioned that someone had slipped on the slope from the 4th Green to the 5th Tee. ME will arrange to have roped off.
- Paths** ME advised the meeting that some more path work is planned including joining up the path along the 6th to the tee on the 7th.

Date of Next Meeting 13th February 2019 . 7.30
